RE: Incidental Boundary Change, Lease UTU-64263 (West Side of Lease U-13097),
Cyprus Plateau Mining Corporation, Star Point Mine, ACT/007/006-93A, Folder
#2, Carbon County, Utah

Dear Mr. Braxton:

We have been informed by the Bureau of Land Management that the Federal Coal Lease UTU-64263 has been modified (effective March 29, 1993) to include the area involved in the proposed incidental boundary change.

We hereby consent to the incidental boundary change, contingent upon a requirement that the operator drill horizontally ahead of the advance of mains in a westerly direction toward the fault zone. If a significant amount of water is encountered during drilling, Cyprus Plateau must cease driving entries to the west and contact the responsible officials of the Division of Oil, Gas and Mining, BLM, and Forest Service. Further advance of the entries to the west would not be authorized unless the operator can demonstrate that significant impacts to the ground water system would not occur.

If you have any questions, contact us at the Forest Supervisor's Office (801-637-2817) in Price, Utah.

Sincerely,

George A. Morris
