John

Dear Mr. Borla:

Thank you for hosting the mine tour for the Office of Surface Mining's Underground Mine Training. As you know, there were participants representing a number of states. Both the students and the instructors were impressed with the tour. They appreciated the surface facility tour along with the very impressive underground part of it. I believe Plateau's surface and underground tours were very instructive to the class, based on feedback I received from this Division's three attendees.

I especially appreciated the time and effort required of you and your staff to host such an outstanding trip. It is always good when we are able to facilitate understanding and dialogue among the parties in a regulatory situation. Thank you again for so graciously taking on this effort.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Lowell'.
