RE: Ditch 74B, Cyprus-Plateau Mining Company, Starpoint Mine, Act 007/006- 93B, File Folder # 2, Carbon County, Utah

Synopsis

The Division received a request to modify Ditch 74B on May 20, 1993. On May 24, 1993 a letter was sent to Mr. Ben Grimes requesting more information on the underliner. This information was received on July 19, 1993 by Fax. The deadline for receipt of this information was June 21, 1993. On July 28, 1993 N.O.V. # 93-25-4-1 was issued for failure to follow the approved plan. On July 19, 1993 the Division received a Fax from Mr. Ben Grimes regarding underliner plans. This memo will review this Fax submittal.

Analysis

The ditch in question is being modified to improve performance by changing its location slightly and riprapping the inlet into the sediment pond, no changes are being made to designs regarding size of the ditch. The plan is approved except for some clarification on riprap installation. On May 24, 1993 a letter was sent from the Division to Mr. Ben Grimes detailing the need for Specifics regarding an underliner for the Riprap. On July 19, 1993 The Division received a letter from Mr. Ben Grimes regarding the use of standard geotextile fabric as an underliner.

The Division requests that Plateau submit the specifics regarding the liner installation (i.e. keying in, etc.) and a fact sheet for the type of underliner selected.

Recommendation

Please provide the above detailed specifics regarding the riprap underliner prior to approval.
