Dear Mr. Morris:

Re: Response to Letter Dated March 8, 1993, Incidental Boundary Change, Cyprus Plateau Mining Corporation, Star Point Mine, ACT/007/006-93A, Folder #2, Carbon County, Utah

Enclosed please find a memo from Jesse Kelley, Division Reclamation Engineer, that discusses the fact that "using the 26 degree angle of draw, the permittee (Cyprus Plateau Mining Corporation) has planned the placement of mining panels in such a way as to avoid subsidence damage to the channel of the Wild Cattle Hollow stream". This finding addresses the Forest Service concern about subsidence occurring in the stream at Wild Cattle Hollow, per your letter dated March 8, 1993.

If you have any questions, please call me.

Sincerely,

A handwritten signature in cursive script that reads "Pamela Grubaugh-Littig".
