Re: Approval of Disposal of Price River Coal (Refuse), Cyprus Plateau Mining Corporation, Star Point Mine, ACT/007/006-94D, Folder #3, Carbon County, Utah

Dear Mr. Grimes:

Pursuant to your letter dated July 6, 1994 in re: to the Price River coal pile, the Division approves dozing this coal pile into the refuse pile. Incorporation of this material into the refuse pile will require meeting the performance standards for the refuse pile, including but not limited to: compaction, positive drainage from the pile, and incorporation of this material with other material in the refuse pile should not be a fire hazard. The intermediate disposal of this material as refuse will also be part of the long range reclamation plan for the refuse pile.

Sincerely,

A handwritten signature in cursive script, reading "Pamela Grubaugh-Littig".
