Cyprus Plateau Mining Corporation
Quarterly Refuse Pile Certification
Second Quarter 1995

I hereby certify that I am a registered professional engineer in the State of Utah. I certify that I have made an inspection of the coal processing refuse pile at Cyprus Plateau Mining Corporation's Star Point Mine in Carbon County, Utah. The refuse pile has been constructed and maintained as designed. The 1994 certification performed by Rollins, Brown and Gunnell dated February 14, 1995, also certifies the pile to be in conformance with the requirements of the design criteria. There are no apparent areas of instability, structural weakness, or other hazardous conditions.
