Re: Final Extension for Deficiency Response, Cyprus Plateau Mining Corporation, Star Point Mine, ACT/007/006-96C, Folder #3, Carbon County, Utah

Dear Mr. Pappas:

On June 6th, the Division received your faxed request for extending the date for responding to the February 5, 1997 Review and Technical Analysis of the Star Point Mine Plan. We are interested in getting a quality submittal and your request is hereby granted. You now have until June 23, 1997 to respond.

It is imperative that these deficiencies get corrected. Please make every effort to complete your submittal by the new deadline. Further extensions will not be entertained.

Please call if you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Daron R. Haddock".
