Re: Water Monitoring Data Review, Birch Spring, Cyprus Plateau Mining Company, Star Point Mine, ACT/007/006, Folder #3, Carbon County, Utah

Dear Mr. Pappas:

As you are aware the Division has been conducting a review of water monitoring data at Birch Spring. Information you supplied to us in a letter dated April 25, 1998 was very helpful in our investigation. At this point, our review has concluded that the mining activities at the Cyprus Plateau Star Point Mine are not a probable cause for decreased flows at the Birch Spring. Therefore, your further participation in our investigation of the Birch Spring is no longer necessary. Thank you very much for your help and cooperation in this process.

We have enclosed a copy of our analysis and findings for your information and records. Please call if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Daron R. Haddock".
