First Quarter, 1999**

I hereby certify that I am a Registered Professional Engineer in the State of Utah. I certify that I have made an inspection of the coal processing refuse pile at Cyprus Plateau Mining Corporation's Star Point Mine in Carbon County Utah. To the best of my knowledge and belief, the refuse pile has been constructed and maintained as designed. There are no apparent areas of instability, structural weakness or other hazardous conditions. The refuse pile is currently not being use for disposal.
