Re: Blast Plan, Silo Demolition, Plateau Mining Corporation, Star Point Mine, C7007000,
Carbon County, Utah

Dear Mr. Haddock:

Plateau Mining Corporation (PMC) is submitting the aforementioned. The blast plan has been amended as recommended by the Division and OSM.

With the demolition of the coal silo being more like a building demolition project as opposed to the routine overburden blasting conducted at a surface mine, every effort has been made to address the requirements where applicable for compliance with the governing entities.

It is anticipated that the razing of the coal silo will take place around the middle of September. If the Division has any questions, please do not hesitate to contact me at (435) 472-4741.

Sincerely,

Johnny Pappas
Sr. Environmental Engineer
