RE: MSHA Inspection of Portal Seals, Plateau Mining Corporation, Star Point Mine.
~~Internal File~~

On January 24, 2001, I spoke by telephone with Ted Farmer of the Mine Safety and Health Administration (MSHA) in Price about the portal seals at the Star Point Mine. He told me MSHA was not present when the seals were being installed but that an inspector examined them on January 22, 2001. The inspector said the seals were intact and properly installed.

I also spoke with Johnny Pappas of Plateau Mining Corporation who will be sending the Division a copy of the mine closure maps showing the locations of the seals.
