Re: UPDES REPORT, DECEMBER 2001 - PERMIT NO. UT0023736

Dear Mr. Hawkes:

Enclosed please find our Discharge Monitoring Reports for December 2001. With the final reclamation of the Star Point Mine, Outfalls 001 (Mudwater Fan), 011 (Water Storage Reservoir), 003 (Pond 3), and 008 (Pond 8) no longer have the potential to discharge.

As reclamation of the Star Point Mine continues, in accordance with its SMCRA Permit, other outfalls will be decommissioned in a systematic approach. Plateau Mining Corporation (PMC) will maintain existing outfalls in compliance with its UPDES Permit.

If you have any questions, please do not hesitate to contact me and (435) 472-4741.

Sincerely,

Johnny Pappas
Sr. Environmental Engineer
