**2. Signs and Markers**

The ID sign is located at the public access to the permit boundary. Other markers observed during the inspection were in place as required by the coal rules.

**22. Other**

Most of the snow is off the site except at the higher elevations around the Lions Deck. There is one site towards the reclaimed #1 mine area that appears darker than the rest of the area. Once all of the snow is off the #1 mine area a further investigation will take place.
