Re: Sunnyside Mines  
Act 007/007  
Violation #79-V-3-41(1); &  
Chapter 10, Title 40, UCA,  
1953/DOGU(1)

Gentlemen:

Kaiser Steel Corporation hereby applies for a permit to dispose of and store miscellaneous scrap metal and some heavy timber waste material as outlined on the attached map per PL 95-87 Section 502(a) and to satisfy the violation noted above. This disposal site contains approximately 5.5 acres and is located within the E $\frac{1}{2}$ SE $\frac{1}{4}$  NE $\frac{1}{4}$  of Section 7 and W $\frac{1}{2}$ SW $\frac{1}{4}$ NW $\frac{1}{4}$  of Section 8, T15S, R14E, SLB&M.

This site has been used for this purpose for over 25 years. We were unaware that it needed to be permitted and it had been overlooked in previous inspections.

Also note that the diversion ditches, use of an existing wash and an auxiliary sedimentation pond have been indicated on the attached map. All runoff will pass through a sedimentation pond.

If additional information is required to abate this violation, please let us know as soon as possible. New sedimentation ponds are in the process of being designed and will be submitted within 30 days.

Sincerely,

*John S. Huefner*  
John S. Huefner, PE
