Inspection Memo
to Coal File:

RE: Kaiser Steel Corporation
Sunnyside Complex
ACT/007/007
Carbon County, Utah

The above-mentioned operation was visited on October 9, 1980, by Joe Helfrich, Wayne Hedberg, Tom Portle and Sandy Pruitt from the Division. The purpose of the visit was to inspect abatement measures taken by Sunnyside Complex in reference to Violation 8, 9 and 10 issued June 24, 1980. Due to a timing conflict, John Huefner, civil engineer for Sunnyside Complex, was not available to accompany us on the inspection. Instead Lynn Hunsman, chief engineer for Sunnyside Complex, described a longwall operation for us.
