re: NOV #81-3-21-1  
Coarse Refuse Use  
ACT/007/007 ←

Dear Mr. Daniels,

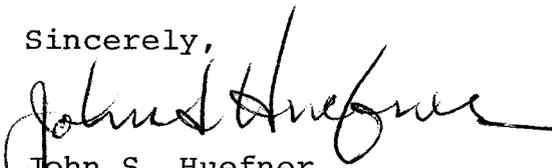

The following comments are submitted relative to violation NOV#81-3-21-1 issued on 6 Nov. '81 by Tom Portle, Inspector.

It is felt that this violation is a gross injustice since Kaiser Steel Corp. has spent a lot of time, money & effort into the use of coarse refuse as a suitable road base material. Further, it is not understood the reason the stipulations attached to the Board Order had to be submitted by Oct. 29, 1981 to the Division since the Board put no time constraints on its Order.

We therefore request an immediate hearing on this matter and ask that this violation be vacated. Also this action has nothing to do with UMC771.19 which was cited, since it is not part of the Mines permit to operate.

The special hearing set by telephone for 9:30AM on 12 Nov '81 at the Division Offices is hereby acknowledged.

Sincerely,

  
John S. Huefner  
Engineer
