DEPARTMENT

Natural Resources

DATE: June 24, 1981

To
DEPARTMENT

Wildlife Resources

RE: Kaiser, Sunnyside Plan

ATTENTION:

Mr. Larry Dalton through Mr. Douglas Day

I have borrowed the copy of the Kaiser Sunnyside Plan from the Division of Water Resources. The plan is enclosed. Since the communication that you never received a copy, we cannot locate the copy that was originally labeled and allegedly delivered to you in Price. Water Resources has reviewed the plan and they will not need it returned, however, they would appreciate having the plan back, after you have finished your review. The Division has only two copies now: a file copy and the work copy. The Division is required to keep one copy one file for public review and as a consequence we have no extra copies.

Lee Spencer, Reclamation Engineer

AUG 07 1981

Jesse Anderson
Water Rights
Dam Safety

Jee, 8-6-81

Please RETURN this copy to water Resources if they still need it. Thanks again, the Division (Dear) no longer needs a copy
Larry Dalton
