RE: Reclamation

Dear Marcia:

I wouldn't know if you had seen this or not, but I thought you might be interested in AMAX's method of protecting against wind, and preparing for wildlife habitat. You stated that you wanted to try the same sort of thing but that the idea was not well received in your offices. Therefore, I am sending you this to use possibly as a reference, or just for your information.

I would like to talk to you about the Native Plants course, that is, what you thought about it.

Contact the Division if you have any more questions or problems.

Sincerely,

TONIA TORRENCE *TT*
RECLAMATION BIOLOGIST
