re: NOV#82-6-1-1 #7  
Sunnyside Mines  
ACT/007/007

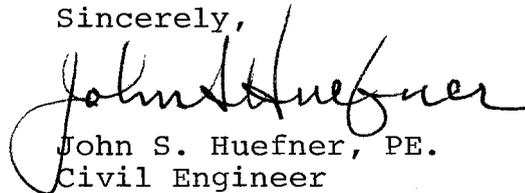

Dear Bart,

This letter is to formally notify your office that NOV82-6-1-1 which was issued to Kaiser Steel Corp on 8 Dec 1982 at 9AM was abated by 10AM the same day.

A Ten-day Notice letter was received from OSM on 6 Dec 1982 and the repair work was scheduled for the afternoon of the 7th or the morning of the 8th, which was taken care of on the 8th. It is unfortunate that more time was not allowed before issuance of the violation.

Kaiser Steel Corp will be applying for a 'Small Area Exemption' for the reclaimed Slaughter Canyon, former portal site, which may make the present sediment pond mute.

Sincerely,

  
John S. Huefner, PE.  
Civil Engineer
