Re: Notice of Intention to Commence Coal
Exploration, Carbon County, Utah
CEP/007/007

Dear Tom:

Due to weather conditions in the Scofield area, it becomes necessary to suspend drilling intentions. The proposed holes concerned are DH 82-4-1 and DH 82-4-2 filed by Sanders Exploration, Limited for Pleasant Valley Coal Partners on the Western Reserve property in Carbon County.

We anticipate drilling in the spring as soon as weather and ground conditions permit. I will notify you as to start-up date when that information is available.

Additionally I want to thank you for your assistance in permitting these holes in such an expeditious manner.

Sincerely,

SANDERS EXPLORATION, LIMITED
