RE: Sediment Pond Review
ACT/007/007
Sunnyside Mines
Carbon County, Utah

Dear Mr. Smith:

As per our meeting on October 1, 1983 Kaiser Steel is requesting that the Division review three sediment control structures contained in the Sunnyside ACR. The structures are as follows: Manshaft, 001 Discharge and Office Complex ponds. Approvals are needed to avoid action from OSM or the enforcement branch of the Division. The approvals are needed as soon as possible so construction can finish before winter.

Sincerely,

DOUGLAS C PEARCE
MINE ENGINEER
