RE: Approval for Use of Steel  
Skirts on the Stockpile Belt  
Crossover  
ACT/007/007  
Folder No. 3  
Carbon County, Utah

Dear Bart:

After reviewing your plans for the use of steel skirts on the stockpile belt crossover to solve the problem of coal fines entering the undisturbed drainage of No. 2 Canyon, the Division has found this plan to be acceptable and grants approval for its installation. This will hopefully provide an economically feasible and environmentally sound solution.

If you have any questions please do not hesitate to call or contact us.

Sincerely,

*Thomas Munson*
