Re: TA for Sunnyside Mine (our job no. UT-DOGM-01)

Dear Mary:

Please find enclosed eight copies of the Sunnyside TA. We have addressed the UDOGM comments from our prior TA submittal. Your review staff has been quite useful in assisting our project team in altering the TA to more effectively address the Division's requirements. Mr. John Whitehead has been especially helpful in formulating our revisions to the surface and groundwater hydrology areas.

If you have any additional questions or comments, please contact me.

Sincerely,

W. T. Fullerton
