October 31, 1984

TO: Coal File
FROM: John Whitehead, Reclamation Hydrologist *gn*
RE: Kaiser Steel Corporation, Sunnyside Mine, ACT/007/007,
#3, Carbon County, Utah

On October 12, 1984, Division technical staff Tom Munson and John Whitehead visited the Sunnyside Mine to tour the Sunnyside surface facilities area. This portion of the operation is being reviewed for the Technical Analysis. Division staff were accompanied by Byron Allred during the tour of this facilities area.
