Dear Dr. Nielson:

The Office of Surface Mining, Western Technical Center (OSM) has received the September 3, 1985, Kaiser Coal Corporation's submittal of a supplement to the approved operation and reclamation plan of Utah Permit Number ACT/007/007 at the Sunnyside mine. This submittal was identified by your office as Plate EEOG-090-2, Haul Road Plans. OSM reviewed this submittal and has determined that it does not constitute a modification to the approved mining plan under 30 CFR 746.18. Based on this review, OSM also concurs with your decision to approve this submittal, with conditions, as indicated in your September 19, 1985 letter to this office.

If you have any questions, please contact Rick Holbrook at (303) 844-2896 or Rick Lawton at (303) 844-2938.

Sincerely,

Mel Shilling
