RE: Plans for the abatement of  
of NOV N85-4-17-3 part 2 of 3  
Sunnyside Mines, ACT/007/007

Dear Mr. Hedberg:

Please find enclosed two copies of Drawing D5-0112 SEEPAGE CONTROL PLAN - TWIN SHAFTS MINE WATER DISCHARGE POND. This drawing shows the plan that will be used to seal water seepage along the discharge pipe. Maintenance will take place as soon as approval is received. Steps in the construction will be as follows:

- Fill around the culvert will be excavated.
- The old culvert removed.
- The new culvert will be installed.
- Fill will be compacted in the trench in 6" lifts to the original dike level.
- Water will be pumped into the pond to test the seal.

*Here is a replacement  
letter requested by  
Tom 6/4/85.*

*Thanks*

*Doug Pearce*

Sincerely yours

*Douglas C Pearce*
