RE: Drill Amendment to Sunnyside MRP, ACT/007/007

Dear Lowell:

In response to the first part of your letter of August 14, 1986 Kaiser Coal Corporation hereby commits to obtain water quality samples from groundwater wells only after bailing the wells until pH and conductivity readings are stabilized.

Doug Pearce is preparing an explanation to the second part of the same letter regarding an in-mine borehole program which you should be receiving shortly.

Please feel free to contact me if you have any questions.

Sincerely,

Martin P. Holmes
