Re: Permit Application -
Coarse Refuse Expansion
Sunnyside Mines
ACT/007/007

**FILE
COPY**

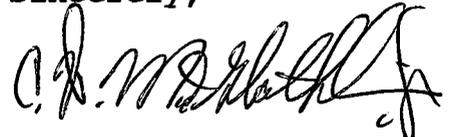

Dear Mr. Braxton:

Please find enclosed fourteen (14) copies of a permit application for expansion of the Sunnyside Mines coarse refuse pile. The expansion is required to provide room for refuse disposal in the immediate future.

Kaiser has targeted a construction start date of September 1, 1987. This date is consistent with exhaustion of the remaining capacity in the existing pile and with a reasonable construction season and time frame.

To accomodate this start-up, Kaiser requests timely review of this application such that approval may be received from the Division by August 1, 1987. Kaiser is willing to provide any appropriate assistance the Division may require to accomplish this approval. Please consider Carl Winters as the contact person within Kaiser.

Sincerely,

C. W. McGlothlin, Jr.
Vice President & General Manager
