DIVISION OF
OIL, GAS & MINING

Dear Dr. Nielson:

The Office of Surface Mining Reclamation and Enforcement (OSMRE), Western Field Operations (WFO), has received the Kaiser Coal Company's submittal of amendment to the approved mine reclamation plan of Utah permit No. ACT/007/007 for the Sunnyside mine. This amendment is for construction of the SSSF pond and other drainage control structures and was submitted as abatement to cessation order #C86-4-4-1. OSMRE reviewed this submittal and has determined that it does not constitute a modification to the approved mining plan under 30 CFR 746.18. Based on our review of the submittal, OSMRE concurs with the Division of Oil, Gas and Mining's (DOGM's) decision to approve the submittal as indicated in DOGM's letter dated December 23, 1986, and the Federal permit UT-014, dated January 7, 1986, is revised accordingly.

If you have any questions, please contact David Costain or Richard Holbrook at (303) 844-2451.

Sincerely

Allen D. Klein, Acting Chief
Division of Federal Programs
