RE: Response to Mid-Term Review, Kaiser Coal Corporation,
Sunnyside Mine, ACT/007/007, Folder #2, Carbon County,
Utah

I authored two comments at the mid-term review--involving Whitmore Canyon and coarse refuse test plots. No action was required, although continued research was encouraged.

The permittee's response was adequate. Kaiser agreed that the coarse refuse test plot was generally unsuccessful, and added that a revised test plot design would, in all probability, be submitted for approval.
