Dear Mr. Grosely:

Re: Final Approval of PAP Amendment, Request to Amend MRP, Pre-law Structures, Erosion Protection, Kaiser Coal Corporation, Sunnyside Mine, ACT/007/007-87G, Folder No. 3, Carbon County, Utah

The Division received Kaiser Coal Corporation's (Kaiser's) conditional approval response on January 22, 1988. The response was reviewed by James Fricke, Reclamation Hydrologist, and has been determined adequate for final approval. This letter will serve as the Division's final approval for this permit change application. Kaiser Coal Corporation has now provided all of the information required by this office to finalize this permitting action.

The Division will forward extra copies of the approved plans to the appropriate state and federal agencies to update file copies of Kaiser's approved mining and reclamation plan. Thank you for your cooperation in completing this permitting action.

Sincerely,

A handwritten signature in cursive script that reads "D. Wayne Hedberg".
