Dear Henry:

Re: Construction of Second Mine Water Pond
In Whitmore Canyon

Per our phone conversation, SRS plans to start construction of the second Mine Water Pond in Whitmore Canyon. As brush is removed from the construction site, it will be disposed of at the city landfill.

Soil samples have been forwarded to a lab for analysis, and information will be forwarded to your office when it becomes available; but receipt of results shall not inhibit construction.

Your help is greatly appreciated. If you have any questions, please feel free to contact me.

Sincerely,

Karl R. Houskeeper
Environmental Coordinator
