RE: **Updated Reclamation Cost Estimate, Sunnyside Reclamation and Salvage, Inc., Sunnyside Mines, ACT/007/007-89G, Folder #2, Emery County, Utah**
Carbon

Synopsis and Proposal

The reclamation cost estimate for the Sunnyside Mines has been updated several times in recent months; the latest version was submitted June 29, 1989. All of the reclamation cost estimates, however, have omitted the cost for demolition of ten buildings (see Amendment ACT/007/007-89F).

Recommendation

The "permanent buildings" that have been discussed under Amendment ACT/007/007-89F will be reclaimed. An updated reclamation cost estimate will be submitted to the Division by October 16, 1989.
