RE: Chapter III Minor Update and Editorial Changes,
Sunnyside Reclamation & Salvage, Inc., Sunnyside Mine,
ACT/007/007-89H, Carbon County, Utah

SYNOPSIS AND ANALYSIS

The operator submitted changes to Chapter III (Operation Plan) on April 7, 1989. A review of the submittal was sent to the operator on May 19, 1989. A meeting at the Division between Bill Balaz and me discussed these changes on June 1, 1989. As a result of that meeting, a revised Chapter III was submitted June 12, 1989. The following is a summary of the changes:

- a. The highwall changes were reviewed as amendment #ACT/007/007-89E and approved.
- b. The proposed buildings designated as permanent were reviewed as amendment #ACT/007/007-89F and is currently outstanding.
- c. The reclamation cost estimate was reviewed as amendment #ACT/007/007-89G and is currently outstanding.
- d. The updates and editorial changes are being reviewed per this amendment.

All changes to Chapter III were outlined in their entirety with the enclosure to cover letter dated June 9, 1989, from Bill Balaz.

RECOMMENDATION

The revised Chapter III should be approved.
