Dear Mr. Housekeeper:

Re: Authorization to Dismantle Silt Fences in Grassy Trail  
Creek, Sunnyside Reclamation and Salvage, Sunnyside Mine,  
ACT/007/007, Folder #2, Carbon County, Utah

As per out meeting on June 15, 1989, Sunnyside Reclamation and Salvage is hereby authorized to dismantle and dispose of all silt fences in the main channel of Grassy Trail Creek.

It should be understood that all alternative sediment control structures in place between the Whitmore Mine Water Pond and Grassy Trail Creek will be maintained until the second consecutive pond has been constructed.

If you have any questions, feel free to contact me.

Sincerely,
