Dear Pamela:

Re: Request for Permit Boundary Change To Incorporate  
Geneva Steel's State Of Utah Lease ML-43715

SRS, Inc., finds it necessary to incorporate 17 acres into its coal mining permit boundary. The incorporation of this 17 acres will allow SRS to continue operations by developing 22nd Left and 23rd Left #1 Mine Longwall Panels (see enclosure).

Geneva Steel's State of Utah Coal Lease ML-43715 contains the 17 acres referenced. SRS, Inc., has received permission from Geneva Steel to utilize this lease (see enclosure).

Your prompt review and response will be greatly appreciated as the 22nd Left Development entries are rapidly approaching this lease.

If you have any questions or need further information, please feel free to contact me.

Sincerely,

Karl R. Houskeeper  
Environmental Coordinator
