Dear Henry:

RE: State Violation NOV No. N91-32-4-1

Per our phone conversation, TIC has covered the area of disturbance which trespassed onto our permit area with topsoil.

Revegetation is normally accomplished in the fall of the year as noted within Sunnyside Coal Company approved permit act 007007. This practice provides a greater success ratio for revegetation. Therefore, Sunnyside Coal Company requests that NOV No. N91-32-4-1 be modified to allow revegetation to take place in the fall of 1991.

If you have any questions please feel free to contact me.

Sincerely,

Karl R. Houskeeper
