Dear Pam,

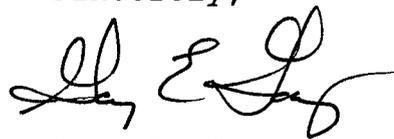

Re: Designated Coal Storage Areas for Alternate Coal Handling at Sunnyside Mine.

Sunnyside Mines requests an amendment to its Permit to designate two additional areas within the existing permitted area of the Surface Facilities Area to be used for coal storage areas.

This amendment, as described more fully in the attached Application For Permit Amendment, is needed to allow Sunnyside Coal Company to process alternate coals.

Thank your for your prompt attention to this request.

Sincerely,

Gary E. Gray
Chief Mine Engineer
