Dear Pam:

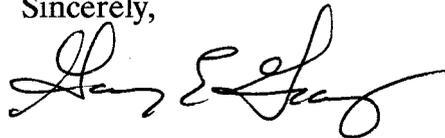

Re: Reformatted PAP Submittal

Due to some cash-flow problems, our consultants have not been able to progress on the reformatted PAP for Sunnyside Mine. Our work here at the mine has been focused on compliance problems the past two months so that we have not progressed on the reformatted PAP either.

With the possible approval of SCA's PAP for the Refuse Disposal Area within a month, perhaps the submittal date could be set for the middle of February as an accommodation of this possibility.

We have discussed over the phone a meeting between DOGM and Sunnyside to set up a prioritized agenda, and this could be discussed and settled at that time.

Sincerely,

Gary E. Gray
 Chief Engineer
