Dear Pam:

Re: NOV N93-32-3-8, Violation 5 of 8, Failure
to Maintain Sediment-Control Structure
for a B.T.C.A. as Approved

As of October 12, 1993, Sunnyside Coal Company has
completed the final requirements for abatement; i.e.,
"stabilization" of the bulk rock dust tank B.T.C.A. area.
A temporary seed mix and mulch was sprayed over this area.

Thank you.

Sincerely,

Peter H. Hess
Environmental Coordinator
