RE: Notices of Violation and Status of Amendments, Sunnyside Mine,
 Sunnyside Coal Company, ACT/007/007, Folder #2, Carbon County,
 Utah

Ten violations were terminated on October 28, 1993 because of the acknowledgement by the Division of the Memorandum of Operating Agreement between Sunnyside Coal Company and Sunnyside Cogeneration Associates on October 27, 1993. Some of these violations required permit changes which were submitted and were reviewed. Actions on these amendments are pending direction from management regarding the disposition of the "plan" for the refuse pile, which may be "one plan" for the dual area.
