Dear Mr. Carter:

Federal Ten-Day Notice 93-02-370-4 is being issued for (a) violation(s) that likely existed at the time of the last State complete inspection (LSCI). Specific details are as follows:

Date of Federal Inspection: 8/11/93 ; Date of LSCI: 4/28/93

The determination that the State did not cite the violation(s) is based on one or more of the following reasons:

- The condition was identified in a State inspection report but no State enforcement action was taken.
- Design criteria or required certification has not been met for a structure in existence as of the last State complete inspection (sediment pond, excess spoil fill, etc.)
- Necessary controls that were required at the time of the last State complete inspection have not been established (diversion ditches, sediment ponds, top soil protection, signs and markers, etc.)
- Site conditions indicate that the violation(s) noted had been in existence at the time of, or prior to, the last State complete inspection.
- Other: _____
