Dear Mr. Ashton:

Copy Randy/Haw
ACT/007/007 #2

Subject: Old Sunnyside Coal Mine, UPDES permit No. UT0022942

Enclosed is a brief inspection report of my findings at the old Sunnyside facility. It is my understanding you will be leasing a portion of this property. Since the property has undergone extensive reclamation and the ponds have been filled the permit was inactivated as of the date of the inspection. If COVOL desires to discharge to any waters of the State in the future it must obtain a UPDES permit and should begin the process to do so at least six months before discharge is expected to occur.

If you have any questions regarding this letter please contact me at (801) 538-6058.

Sincerely,

Michael D. Herkimer, Environmental Scientist
