**PUBLIC NOTICE**  
**Sunnyside Mine**

Sunnyside Mine  
Sunnyside Coal Company  
C/007/007

The reclamation bond for this mine was forfeited on November 22, 1996 and the area was reclaimed as of July 1, 1999. Since the Sunnyside Mine is considered an abandoned site, the Division of Oil, Gas and Mining proposes in lieu of the inspection frequency established in R645-400-130, that inspections be set at a frequency commensurate with the public health and safety and environmental considerations present, but in no case shall the inspection frequency be set at less than one complete inspection per calendar year. This site was last inspected on January 29, 2003, and no threats to public safety or environment were noted.

**The Sunnyside Mine is located on:**
