RE: December 19, 1978 Meeting with
Pacific Gas and Electric

Dear Murray,

The meeting with Pacific Gas and Electric which I mentioned to you earlier this week has become increasingly difficult to schedule. You'll recall the meeting's purpose was to look at the preliminary plans for Pacific Gas and Electric's Dugout Canyon Mine proposed to be located in the Book Cliffs Coal field. Projected production is 4-5 million tons per year. After trying to adjust schedules, I decided to hold the meeting here in our office and invite you or another Office of Surface Mining representative to attend.

Please let us know if you will be here for our 9:00 a.m., December 19, 1978, meeting with Pacific Gas and Electric's experts who are developing this plan.

Very truly yours,

RONALD W. DANIELS
COORDINATOR OF MINED LAND DEVELOPMENT
