Re: Eureka Energy Company
PRO/007/009

Dear Mr. Day:

This letter is to confirm that the Division of Oil, Gas, and Mining has received the written guidance for Eureka Energy Company which was requested pursuant to proposed coal regulation MC 783.20.

By telephone conversation with Mr. Larry Dalton, it was confirmed that the xeroxed copy of a letter and information which was directed to Mr. John C. Osmond, Eureka Energy Company on October 11, 1979, constitutes the consultation reply. The Division appreciates your cooperation of this matter.

Also, the Division would like to again request a copy of the Division of Wildlife Resources proposed study of deer wintering areas in relation to proposed coal conveyor belts. We are most interested in studies of this nature and would appreciate the opportunity to become familiar with this proposed plan.

Sincerely,

Mary Ann Wright
