Re: Sage Point-Dugout Canyon Project

Dear Mr. Hagen:

As you may know, the Utah Division of Oil, Gas and Mining has determined that Eureka Energy Company's Mining and Reclamation Plan for our Sage Point-Dugout Canyon Project is "complete". Since several members of your staff are now involved in the environmental and technical analysis of our mine plan, it might be beneficial for them to visit our proposed project area near Price, Utah. If you feel a tour of our coal property would be of interest to your staff, please contact Mr. Robert Goudge (on our staff in Price) for more information and assistance in setting up such a site visit.

Sincerely,

Nicolas K. Temnikov
Regulatory Coordinator
