DIVISION OF
OIL, GAS & MINING

Mr. Nicolas K. Temnikov
Regulatory Coordinator
Eureka Energy Company
215 Market Street
Room 263
San Francisco, CA 94106

Dear Mr. Temnikov:

Attached are maps at 1:24,000 scale showing the nest data you requested. The nest sites are coded as follows:

Golden Eagle

A	Active
O/T	Occupied/Tended
O/D	Old/Dilapidated
IA	Inactive

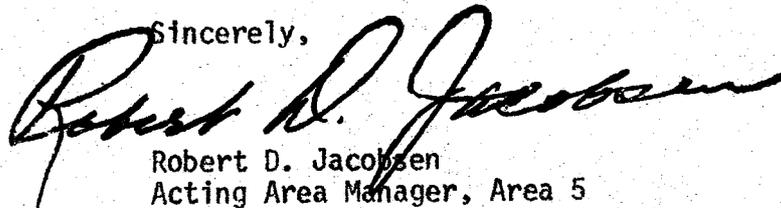

Prairie Falcon

PA	Active
PP	Possible scrape or nest site

In response to your question concerning the number of pairs of golden eagles residing on or immediately adjacent to the mine plan area, two nests were known to be active in 1981. It is our opinion that two and possibly three pairs of golden eagles use the mine plan area.

If we can be of any further assistance, please contact Bruce Waddell of this office.

Sincerely,

Robert D. Jacobsen
Acting Area Manager, Area 5
