DIVISION OF  
OIL, GAS & MINING

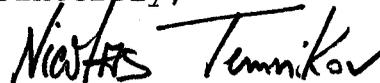

Dear Susan:

Per your request, please find enclosed a 1:400 map showing the location of the proposed surface facilities and the approximate location of the golden eagle nests in the Fish Creek Canyon portal area. I have also enclosed 1:2000 map to help you gain a better feel for this area.

In their July 21, 1981 letter, the U. S. Fish and Wildlife Service have suggested a 1 km buffer zone around Fish Creek Nest #2. It is obvious that this nest lies just within the proposed buffer zone. Realizing that it would be a good idea to obtain additional information, Eureka will submit within 3 weeks the results of an in-house assessment of the potential effect, if any, of the proposed Fish Creek portal facilities upon Nest #2.

Please contact me if you should have any questions.

Sincerely,

NICOLAS K. TEMNIKOV  
Regulatory Coordinator
