DIVISION OF
OIL, GAS & MINING

RE: Addendum
Sage Point-Dugout Canyon Mines

Dear Mr. Smith:

Eureka Energy Company, a wholly owned subsidiary of Pacific Gas and Electric Company, hereby submits an addendum to the SMCRA application for a permit to construct and operate underground coal mining facilities to be located in Carbon County, Utah. Enclosed are six copies of the addendum. Under separate cover, seven copies of the addendum are being submitted to the Regional Director, Denver Region, Office of Surface Mining, United States Department of the Interior.

To avoid confusion between submittals, Eureka has followed the same format used in the SMCRA permit application so that the enclosed material can be easily inserted into the original application. Eureka believes the application to be complete and requests the Division proceed with the Technical and Environmental Analysis.

Please contact me if you should have any additional questions.

Sincerely,

NICOLAS K. TEMNIKOV
Regulatory Coordinator
